

Floor Graphic and Signage For Office Reopening Process

These are samples of floor graphics and signage that SWBP printed for HKS Architects. The signage starts the reopening process of its headquarters in Dallas, Texas. We will be sending signage to other HKS locations to begin their reopening process.

CASE STUDY

HKS sent their designs in with custom fonts that we printed on a variety of substrates from floor vinyl to black gatorboard. SWBP also provided a crew to install all the floor graphics and signage throughout the office.
